PROVA CLASSE PRIMA

Internet safety tips

You are going to present five ways to use a computer safely. Use the chart below and include the following things:

- Say what your names are and what you are going to talk about.
- Complete each section of the chart
- Divide the presentation between your partner / group
- Present your ideas to your class

Introduction	We are (names) and we're going to talk about (topic). These are our best ideas.
You should ….. You shouldn't …… Remember to …….. Remember not to ……… Don't ………	
Conclusion	Try and use our ideas to stay safe!
